February 2019

Dear Friend of Sarver Heart Center,

Heart disease is the #1 cause of death for women. The Sarver Heart Center Women’s Heart Health Education Committee is a member-based organization committed to empowering, inspiring and positively impacting women and their families affected by heart disease in the Tucson community and beyond.

Our vision is to ensure that future generations will have the knowledge and care to prevent heart disease and stroke. Scientists and physicians at the Sarver Heart Center are committed to the prevention and treatment of heart disease and stroke through education, research and patient care.

You are invited to support our commitment to the Tucson community by joining us as a Lunch & Learn Event Sponsor! Please review the sponsorship levels provided. Your sponsorship may be considered a tax-deductible donation.
